

Discerning Our Racial and National Status

In my last blog article ([“How Do I Say This So People Get It?”](#)), I focused on the only biblical solution to re-establish and manifest the Kingdom or Government of God here and now. This is Plan A and there is no Plan B.

The biblical solution and truth I presented is not difficult to understand, but it takes a dedicated, singular focus and plan to implement. Has God called you? Has He chosen you for this lifelong work?

No More Props

If you are still thinking that political solutions will significantly change anything nationally or locally, you are dreaming. We are so far past the point of no return to remedy or reform our situation that it is simply futile to even double or triple our effort to turn back the ongoing dissolution and destruction of our sacred Covenant Nations.

The “system” isn’t going to save us. No man is going to save us. It’s rigged and compromised against God’s Covenant People to neutralize, oppress, and destroy us.

Factual Reality

I thought I might lend some facts you may not know about here in the United States of America in order to demonstrate that we exist, as a nation, in name only. I mean White folks in the UK or other highly socialist governments (Canada, Australia, New Zealand, and so forth) acutely realize the anti-White oppression. Here, it is a little more subtle, but real just the same.

The truth of the matter is that the USA and elsewhere are all controlled by a global political and monetary cartel. You may know this, but what has been, and is happening here in the USA is pretty much the same reality.

So, here is a bullet list of facts you may not realize:

- With the advent of the Federal Reserve, the biblical (and Constitutional) monetary gold and silver coin has been usurped and replaced with a debt/credit paper “money” system. That means that this is a **private**, international monetary system instead of a lawful, **public** one. This means the United States’ government is controlled by private and not public interests. The government is beholden to and works for the benefit of a private banking cartel.
- The “United States” federal government is majority stockholder in the International Monetary Fund (IMF). Again, the federal government is therefore private and has discarded its lawful duties.
- The Internal Revenue Service (IRS) collects “contributions” (income taxes) from “taxpayers” for the IMF. The IRS is an “agent of a foreign principle,” that is the IMF, and is not an agency of the United States federal government. The IRS is not registered with the United States Attorney General as a foreign agent. It is a “felony” to conduct affairs in the USA without being registered as a foreign agent.
- Agenda 21 was developed as a “global plan of action for sustainable development” to control and regulate all national resources, what you eat, type of job, and method of transportation. In other words, “every human action” dictated from the top down. We have already experienced the Agenda 21 program with the “Covid” deception directed by the World Health Organization (WHO) of which the United States federal government is a Member.
- Agenda 2030 is coming under a plan called “Transforming Our World: The 2030 Agenda for Sustainable Development.” Agenda 21 was just a warm up taste of totalitarian global government.
- The United States federal government is also Member of the United Nations. Even “numerous State legislative bodies” have “relinquished delegated powers and authority” to the United Nations, including “federal, state and local courts...”

All of the above are discussed in my book, [*The Kingdom of God Manifested*](#) (Book Seven of the Covenant Heritage Series).

The point is that our beloved nation (and all the other Saxon nations) are now under the control and dominion of international organizations and the elite satanic cabal of dark world personalities.

We are, once again, slaves just like our ancestors were in Egypt.

There is no way out of this oppressive tyranny except we come together in our local communities, repent of our rebellion before our Creator God, and form local church assemblies.

In order to do what? Begin to establish God's Kingdom based upon the written Word of God according to His sacred, inconvertible Laws. Separate yourselves from this wicked system, band together to defend yourselves, and create His Kingdom of righteousness, peace, joy, and power.

The power of God resides with you to help you begin to take dominion for the Name and glory of our Lord Jesus Christ.
